FROM THE SEA GLASS POOL TILES  
Product Specification Sheet

## FROM THE SEA

A series of glass mosaics taking inspiration from the sea, its surroundings and the many faces, features and natural treasures it possesses.

Made in Spain from 98% recycled glass, this collection forms part of the Artisan Exterior Pool Tile Range and introduces a combination of cutting edge technology paired with a practical thermo polymer glue dot backing system.

Balancing the best in manufacture techniques, install requirements and an evolution in design capability, From the Sea is a captivating collection that dawns an exciting new era for the pool tile industry.
